Ace Jacquard Polo with Bamboo

2 - Tone fabric of 65% polyester and 35% rayon nanobon.
 2 Button placket with embossed buttons. 1x1 flat knit rib collar. Necktape.
 Side slits. PGA tour print at the sleeve.
 S-XXL

NanoBon
 Is an amazing absorbent fiber because of the high quantity of micro holes. Due to strong moisture absorbency and breathability it eliminates perspiration.

Minus Ion
 The effect of this fiber will come free due to the light friction between body and air. This Minus Ion cleans the air and is considered as an "Air Vitamin"

Far Infrared Ray Effect
 This Ray comes free from the fiber and is an element of sunlight. This promotes the circulation systems in the human body and maintains a constant body temperature.

DIY (Design It Yourself) Customization

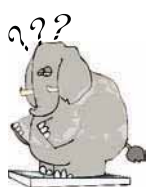

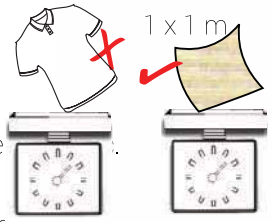

Typical measurements:-

	Gulf/Asian Sizes			Europe Sizes		
	M	L	XL	M	L	XL
A	27	28	29	29	30	31
B	21	22	23	22	23	24
C	8	8.5	9	8.5	9	9.5

These measurements are for guidelines only. The actual measurements may vary slightly between garments as knit garments have internationally accepted higher tolerance values

GSM or GMS ?

Most manufacturers confuse clients with this. GSM: Grammes per sq. meter is the wt. of the fabric in a square of 1 meter x 1 meter. it remains the same in all sizes. Hence the correct way to describe GMS: is the wt. in grammes per piece of the Tee/Polo And will always vary with each size. Thus, completely misleading. We ALWAYS specify the GSM. So you are rest assured of what we offer.

Heavier the better ?

Not necessarily. The quality of yarn will decide the quality and Price. Super combed, combed, semi combed and carded: this is the quality of YARN in descending order. We specify the yarn. So you are rest assured of what we offer.

What more we can offer:

You Are Welcome To Send Your Design Ideas And Originals. We Will Reproduce It For You..!

Customized Safety Coverall
Fire Retardant - PYROVATEX

SANTHOME WORKWEAR PYROVATEX®

Integrity • Efficiency • Reliability
SELECT
Since 1980

SANTHOME WORKWEAR PYROVATEX is a treated fabric that offers good protection against flames.

These are treated on fabrics made from cotton, Polycot and other cotton blends. Although treated, it lasts for at least 50 washes.

Thus it is an economical way of getting the protection.

These fabrics could also be added with ANTI-STATIC,

Water/oil repellence properties.

SANTHOME WORKWEAR comes with

OEKO TEX 100 Standard which uses

ECO FRIENDLY DYEING standards

(Free from Harmful Substances in Dyeing,

hence eco and skin Friendly!).

EN 471

EN ISO 11612
A1 B1 C1

Stds compliant to:

EN ISO 11612, EN ISO 11611, EN ISO 14116,

EN ISO 61482, EN ISO 1149, etc.

Specifications:

2 chest pockets with flap velcro closure.

#5 YKK Golden Brass 2 Way zippers.

Collar closure with metal snaps.

2 cross pockets in front below waist line.

One patch pocket at back. Reflective tapes.

Colours: Petrol Blue (light blue), Navy, Khaki,

Orange, Red, Yellow, Grey.

Certifications

SANTHOME
 WORKWEAR
 DuPont™
NOMEX® IIIA

Customized Safety Coverall
 Fire Retardant - NOMEX

SANTHOME WORKWEAR NOMEX, NOMEX IIIA, DELTA C, etc.

have excellent Fire protective property.

The NOMEX fiber is itself inherently flame resistant. This can not be washed or dry cleaned out of the Nomex fiber and therefore stays the life of the garment.

Nomex will not burn in air like a cotton fabric and will not melt and drip like a polyester fabric. When exposed to a flame source Nomex absorbs the heat energy and the fiber will swell up, thickening in the process which in turn helps to stop heat transfer to the individual person.

The addition of 5% Kevlar also helps establish Nomex IIIA having a better abrasive resistant factor and longer garment life compared to FR Cotton fabrics.

EN 471

EN ISO 11612
 A1 B1 C1

Std's compliant to:
 EN ISO 11612, EN ISO 14116, EN ISO 61482,
 EN ISO 1149, NF PA 70E, NFPA 2112, etc.

Specifications:

2 chest pockets with YKK brass zipper closure pockets.

#5 YKK Golden Brass 2 Way zippers. Collar closure with metal snaps.

2 cross pockets in front below waist line.

One patch pocket at back.

Colours: Petrol Blue (light blue), Navy, Khaki, Orange, Red, Yellow, Grey.

Certifications

Customized Safety Coverall
Fire Retardant - PROBAN

Integrity • Efficiency • Reliability
SELECT
Since 1980

SANTHOME WORKWEAR PROBAN is a treated FR fabric with excellent protective property. Using Cotton and cotton-rich fabrics, it lasts over 50 washes. PROBAN treated fabrics do not smoulder, have no afterglow and the flame does not spread outside the charred area, unlike other flame retardant systems. PROBAN treated fabric do not melt away to form a hole through which flame can penetrate through nor they form a sticky residue which can adhere to the skin of the wearer. Thus it is very effective in protection.

EN 471

EN ISO 11612
A1 B1 C1

Stds complaint to:
EN ISO 11612, EN ISO 11611, EN ISO 14116,
NFPA 2112, ASTM F 1506.

Comfort and ergonomics meet EN 340 standards.

SANTHOME WORKWEAR comes with OEKO TEX 100 Standard which uses ECO FRIENDLY DYEING standards (Free from Harmful Substances in Dyeing, hence eco and skin Friendly!).

Specifications:

2 chest pockets with flap velcro closure.

#5 YKK Golden Brass 2 Way zippers.

Collar closure with metal snaps. 2 cross pockets in front below waist line.

One patch pocket at back. Reflective tapes.

Colours: Petrol Blue (light blue), Navy, Khaki, Orange, Red, Yellow, Grey.

Certifications

Customized Safety Coverall
Fire Retardant - PROTEX

SANTHOME WORKWEAR PROTEX is an inherently FR fabric.

This means that it lasts for the whole life of the fabric.

Mixed with cotton in a combination of 55% Protex/45% Cotton, gives it excellent drape, appearance, feel. With different GSMs

we can make it meet different levels of protection.

It can also be produced in fluorescent colours for

Hi-Vis applications and with reflective tapes.

EN ISO 11612
A1 B1 C1

Stds compliant to:

EN ISO 11612, EN ISO 61482, EN ISO 1149,

NFPA 70E, NFPA 2112, EN 13034, etc.

Comfort and ergonomics meet **EN 340 standards.**

SANTHOME WORKWEAR comes with OEKO TEX 100 Standard which uses ECO FRIENDLY DYEING standards

A bunch of flowers is always a good gesture, one that is highly appreciated, and Sunshine especially! Sunshine prefers a well lit spot in the center of any home or office. Requires no watering, but is fond of recharging mobile phones !

XD | ECO

Designed by :

Antoine
France

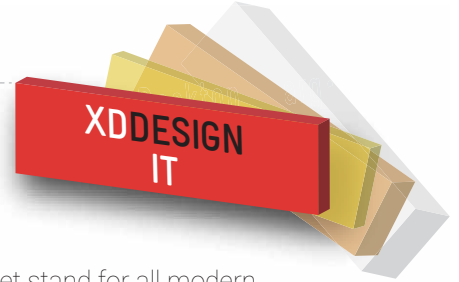

UD 775

XDDESIGN® Sunshine is the bunch of flowers that fits every desk or household. Due to its unique Resound® material combination and the 5 integrated solar panels it's a very sustainable gift. The 2600mAh rechargeable lithium battery will make sure you can store all that energy and pass it through to your mobile device whether it's a phone or a tablet. Including a Micro USB cable. Registered design®.

With brushed metal plate base, USB output(5V/1.2A) Micro USB input(5V/500mA) and 2 indicator lights on one side, 5pcs flexible plastic wires connect with solar panel flowers. Built-in 2600mah Li-battery, comes with a Micro USB charging cable, manual and 1 Li-ion battery. RoHS / CE / FCC / WEEE / Battery compliant. Made from 45% bio-based material derived from plants, not oil resulting in carbon footprint reduction.

XDDESIGN®

DT 610

XDDESIGN® Chef is the tablet stand for all modern and creative chefs. The sturdy touch pen makes it easy to use your tablet under steamy kitchen circumstances without leaving any traces of food on your tablet. Registered design®

**PLATIGNUM - U.K.
 Pens**

YOUR handwriting says a lot about you - and so does the pen you hold. That's why over a century's experience as pen pioneers has led Platignum to create this distinctive range of quality pens. From the self-filling ranges manufactured in 1919, Platignum invented the world's first replacement nib, created the retractable ball-point in 1950 and introduced the first cartridge system. Platignum, the U.K. pen pioneers have been writing the history of the pen for generations and are continuing to innovate for the future.

ECO-FRIENDLY LEATHER
 Leather Tanned
 the Ancient way, now forgotten.....
 Before industrialisation, leather was tanned using secretions from barks of trees (no chromium or aluminium salts/chemicals were used). This slow & eco-friendly way has been completely forgotten in today's fast-paced quick-profits world.
 This eco-friendly real leather collection has been tanned in a way that caused minimal damage (almost nil...) to the environment. Also cotton lining have been used to enhance the eco-friendliness of products to above 95%.

Little Steps®

Nature friendly games and products,
 promoting your environmental and social responsibility.

Little Steps products respect nature.

Made from ECO friendly materials they all can tell your important message about protecting and nurturing our planet. Sum of many Little Steps can soon be a big leap towards a greener future.

Every Little Steps product carrying your logo will show your commitment towards positive environmental actions:

- help parents playfully educate their children about environmental problems and their solutions,
- raise general awareness about environmental issues,
- let people know that their gift has made a contribution to reforestation and local employment by Eden project.

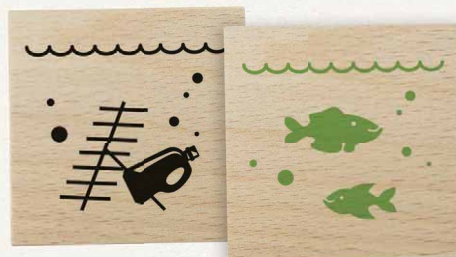

PROBLEM & SOLUTION

Unlike standard games, a Little Steps pair is made up of two different images, one representing an environmental problem and the other its corresponding solution.

XDDESIGN®

The Bopp Cool adds something extra to water and that is design. The clever cool element does what it says: Keep it cool!

Designed by:

Ryan McSorley
Ireland

XD | ECO

reddot design award
winner 2012

WB 016

XDDESIGN® Bopp Cool is an award winning design drinking bottle with a capacity of 700ml in eco-friendly BPA-free Tritan™ material. A sustainable design with an ingenious integrated cooler element to cool your drinks from inside the bottle. Registered design®.

Executed in BPA free Tritan material. Cooler part can be screwed off to be placed in the fridge. When frozen and screwed back on to bottle lid, this serves as cooler element for drinks without diluting it.

reddot design award
 winner 2012

Caution - Promoclips do not cut fingers & papers. Are you sure about other brands? Buy only the original.

Promoclip original

Finish your precious correspondence with an original Promoclip carrying your own logo. More and more companies decide to distinct themselves this way. A Promoclip matches your corporate identity perfectly and offers space to print your logo and to promote your website or slogan. Promoclips are easily put on paper by giving it a gentle twist. Each clip has been carefully smoothed to avoid possible damage to the paper. Also the patented bends on the back of the clip enable you to put on a clip without using any force.

ML Clip original

ML Clips are considerably larger than Promoclips and offer enough space to print a product photo or state your complete company details. Not only its size, but also its strenght is unique: an ML Clip holds 2 to 35 sheets of paper together!

This clip is really one of a kind. Available with digitally printed labels or laser engraving.

XL Clip original

The XL Clip safely holds together bank notes, credit cards and receipts. Carrying a solid laser engraving, the XL Clip offers sufficient space to show your logo and even a message.

Give your client an XL Clip as a 'thank you' and he will think back of you frequently. Obtainable in a semi-transparent give away box, offering space to leave your business card as well.

Already available as of 50 pieces.

PGA TOUR Polo Shirts
 & PGA TOUR Barbeque Set

NanoBon
 Is an amazing absorbent fiber because of the high quantity of micro holes. Due to strong moisture absorbency and breathability it eliminates perspiration.

Minus Ion
 The effect of this fiber will come free due to the light friction between body and air. This Minus Ion cleans the air and is considered as an "Air Vitamin"

Far Infrared Ray Effect
 This Ray comes free from the fiber and is an element of sunlight. This promotes the circulation systems in the human body and maintains a constant body temperature.

When one gifts...

1. The Giver is making a statement...
 I have class, & my gift reflects my class.
 I have taste; it shows in my gift!
2. The Giver is expressing...
 Please accept this as a token of our appreciation, for patronising us & our organization.
3. As & when the receiver uses the gift he remembers the giver - the bond becomes stronger subconsciously.
4. It is important to remember an advertisement giveaway is meant to serve a different purpose than a gratitude gift. The branding is done accordingly.

We will spoil you for choice !

our range & our stocks are the largest in the Middle East & Africa.

We are experts in this business & can help you select & brand your gifts appropriately.
